

Attention Triumph Dealers - IMPORTANT PRIORITY MAINTENANCE CHANGE

We at RpmPlus, together with Triumph Motorcycles, have heard your feedback and we are thrilled to announce that beginning with agreements sold on or after July 1, 2019, Triumph Motorcycle Priority Maintenance claim reimbursements are 100% aligned to the requirements of the OEM and therefore YOU the dealer, should no longer have high discounted claim reimbursements. Dealers selling Triumph Priority Maintenance Agreements will notice a drastic increase in claim reimbursements amounts and only a slight increase in dealer costs for Triumph units only. Additionally, services now include an annual service! If you have any questions, please contact your RpmPlus Sales Representative for more information!
